

US Electrical Services (USES) is a world class wholesale distributor of electrical products and related services. We are proud to have some of the USA's best businesses as part of our group and we are growing. Our stocking locations carry thousands of SKU's and offer unparalleled services driven by our most important asset - our people.

Each day, electricians, contractors, corporate clients, architects, engineers, and lighting designers all rely on USES. At USES we deliver quality products, knowledgeable advice and excellent service.
