

sofTap Switch

ASTP1532M4

The sofTap switch is designed with an innovative micro-movement that turns lights on and off with just a soft "tap" of the finger.

features & benefits

- Take your project up a notch by combining your sofTap Switch with a sofTap Dimmer and extending your lighting options.
- Select a single switch to control one light. Or, pair it with a second switch or dimmer to conveniently control the light from two locations. Switch supports single-pole and three-way operation.
- Easy "1-for-1" installation lets you simply replace your existing 15A switch with adorne in just minutes.
- Fits in your existing electrical box and does not require new wires for typical installation. Innovative assembly and snap-in system make it fast and simple to install.
- Shown in a magnesium finish. Also available in white.
- Easily customized with adorne wall plates available in a brilliant palette of 32 colors and a variety of luxurious materials.
- Select a Locator Light for a smart add-on option that makes it easy to find your switch in the dark.
- Complete your total designer look with options like a stunning adorne Accent Nightlight accessory.
- Your remodel looks like a million bucks. It deserves better than an ordinary light switch. Add that last finishing touch with adorne, a stunning, one-of-a-kind collection of switches, dimmers, and wall plates that will transform your walls from boring to absolutely breathtaking. It's time for a beautiful switch.
