

1/2" EMT Set Screw Type Aluminum Conduit Bodies with Covers and Gaskets

Item No. ET1CG

Topaz's EMT set screw T Type Conduit Body, with Cover and Gasket is manufactured from copper free aluminum. T type conduit bodies allow 3-way inline access in conduit systems, enable easy splicing and can correct and change direction of conduit runs.

Roomy interior allows for maximum wiring space, smooth, rounded integral bushings in hubs offers protection for conductor insulation. Excellent ground continuity and corrosion resistance; lightweight aluminum construction; domed cover provides extra wiring space; watertight gasket ensures weatherproof installation. UL listed
